SUBJECT: Comments on [REDACTED] Study: International  
Connections of Venezuelan Communists

1. The subject study is interesting, informative, and useful. It is well documented, and [REDACTED] would appreciate receiving a copy for our files for reference purposes, if possible. It might have been useful to have included the evaluation (source and content) within the source references, as some of the information (e.g., that concerning the "Buro del Caribe" and the "Circulo del Caribe", pp. 4-5) has been extremely difficult to verify in the past. 25X1A9a

2. As requested by Mr. [REDACTED] [REDACTED] comments are attached. They are mainly of an editorial nature.
